What's the catch? The winning entries will have their artwork displayed at the F-9 Park Art Gallery.

Your entry should express your ideas about the solutions the world needs in relation to one (or more) of the following themes, which are the topics the Zero Waste Eco Festival revolves around.

Themes

Water Crisis &
Management

Responsible Green
Tourism

Habitat Preservation &
Wildlife Conservation

Renewable Energy

Competition entries will be judged according to their relevance to at least one of these four themes, how clear the proposed solution is, how creative the entry is, and how effectively it encourages positive thoughts and action.

This competition has two age categories: up to 12-years old and 13 to 18-years old.

Winners will be announced on the Zero Waste Eco Festival and on our Facebook page on the 14th of May, 2022.

ZERO WASTE ECO FESTIVAL

Winning entries and a selection of other suitable pieces of art will be shown to the public and governments by Save the Children in order to highlight children's views about the climate crisis and influence action by people and governments.
